VICA Club holds meeting

By JAMES ZIMMERMAN

The Appomattox County VICA Club held its regular monthly meeting on Oct. 8.

The main order of business was to find out what the club wanted to do about the Appomattox Railroad Festival.

The club decided on running the "Sub Shop" again this year.

The food which they sold this year included sub sandwiches, ham and sausage biscuits, apple cider, hot coffee, hot chocolate, cold drinks and doughnuts.

Out of the two days that the festival ran, Saturday was the most productive day.

We cleared all expenditures at 2 p.m. Saturday afternoon, all money made after this was profit for the club.

Hopkinson speaks to class

Local artist, E. A. Hopkinson spoke last week to Mrs. Louella Coleman's reading class on his life as an artist. The students are studying different artists such as Michelangelo, Augusta, and others.

He touched on the highlights of his career plus defining fine and commercial art. Mr. Hopkinson also demonstrated art techniques the students could employ in everyday life.

The children were very receptive and showed great interest by asking numerous questions.

RETIRED TEACHERS who visited Pamplin Elementary School last week were (left to right) back row: Mr. W. C. Dudley, Mrs. W. C. Dudley, Mrs. Isabel Ligon, Mrs. Sadie Brightwell, Mrs. Lucille Webb, Mr. Walter Payne. Front row: Mrs. Aileen Harvey, Mrs. Rosa Inge, Major W. W. Wallis, Mrs. Mary Hendricks.

Retired teachers guests at luncheon

Pamplin Elementary School's retired teachers and other retired teachers in the Pamplin area were guests of the school for lunch on Thursday, October 16.

The teachers were joined by Mr. Lloyd G. Walton, and Mrs. Jean Hesson from the School Board Office. A delicious lunch was prepared by the cafeteria staff and was served in the cafeteria that is decorated gaily with Halloween spooks and goblins.

Following lunch, the guests were entertained by Miss Deborah Jamerson's second grade who sang and dramatized several songs about Halloween.

The group visited in classrooms and enjoyed a tour of the building; seeing classrooms that were familiar to them in previous years of teaching. Having former teachers back at school was a treat for both students and teachers.

"It's TOUGH on the Competition!"

This statement on the TIMBERLINE STOVES might sound like a brag . . . Well, it is! However, IT'S THE TRUTH. High efficiency and quality construction are tough to beat.

A Timberline Fireplace Insert does make the difference, our fireplace insert has one of the highest possible efficiency ratings. That simply means you burn less wood and receive total heating comfort. Here are the reasons why:

1. Sealed Seams
2. Air Tight Doors (Won't warp or break).
3. Primary and Secondary Air (Deflectors direct incoming air, forcing the air to circulate over the flame providing a second combustion, insuring maximum heat from the fuel).
4. Firebrick Lined (Temperature on brick has to be at least 1100 degrees for ignition of all gases. The brick allows for the high temperature inside and doesn't allow the heat to pass thru the bottom of the stove).
5. Baffle Plate (This holds heat inside longer, allows the temperature to be reduced after it leaves the fireplace. That also means a Timberline Fireplace Insert is safer. The hottest air radiates into your home not up the chimney)

TIMBERLINE MAKES ONE OF THE MOST EFFICIENT FREE STANDING FIREPLACES AND STOVES AS WELL AS THE TIMBERLINE FIREPLACE INSERT. THERE IS A MODEL

TO FIT YOUR ENERGY SAVING NEEDS. TIMBERLINE™
